## Young Heroes 5k Run and Walk | October 23, 2022

Join us on the grounds of Nemours Estate to benefit the Nemours Children's Center for Cancer and Blood Disorders. After the race, stay for the morning and enjoy family fun activities, entertainment and food!

**The Nemours Children's Center for Cancer and Blood Disorders (NCCCBD)** is celebrating 30 years of serving children and families during some of their most difficult days. We are one of only three designated pediatric National Cancer Institute Community Oncology Research Programs in the country. This designation recognizes us as a fully integrated pediatric cancer network with excellence in clinical research, clinical care and quality improvement.

We offer patient- and family-centered pediatric oncology and hematology care that includes a full range of clinical and support services in addition to internationally recognized research programs. We enroll more children into cancer trials than nearly any other pediatric institution, and we're nationally ranked for pediatric cancer treatment at Nemours Children's Hospital, Delaware.

Your participation in important fundraisers like this one fuels groundbreaking research that offers hope to our patients and families. It also helps fund patient services like art and music therapy, genetic counseling and sibling support.

## Our Patient Ambassadors

These superhero patients are advocates for children's health through sharing their stories of resilience and hope at events and campaigns. Read their stories online at [Nemours.org/YoungHeroes](https://Nemours.org/YoungHeroes).
